

Unlocking tomorrow's potential

Our Mission

Mr Price Foundation is a youth development organisation empowering young South Africans through education and skills development. As youth journey from school into careers, we hope to see them break free from the cycle of poverty and inequality and reach their full potential.

EduRise

Our schools programme helps under-resourced schools sustainably deliver holistic education — helping create quality learning environments that unlock learner potential. The programme goes beyond academics and focuses on the whole school system through school management and educator development; involving parents and the community; and academic and non-academic learner interventions.

JumpStart

JumpStart unlocks career potential and fast-tracks careers of unemployed youth in the retail value chain. We partner with local industry and employment partners to bridge the gap between school or tertiary education and the working world. Our skills development programmes genuinely prepare youth for employment and then connect them to career opportunities — a vital part of securing a job.

HandPicked

Empowered by JumpStart

The HandPicked Programme cultivates youth entrepreneurship through agriculture. Youth learn new farming methods, gain technical farming and agribusiness skills, upskilling themselves so they can plant a business.

Poverty and inequality constrict opportunities.

Help us break open opportunities for youth from under-served South African communities so they can succeed in their lifelong learning journey from school to employment.

- Achieve points on your B-BBEE scorecard under Socio-Economic Development
- Become a JumpStart employment partner
- Share our stories of hope
- **Donate** (donations are tax deductible with Section 18A certificates issued)

100%

of public donations go to programmes

It costs **R1 per day** to put a learner through our schools programme

Our programmes align with a number of United Nation's Sustainable Development Goals.
